

COUNTY'S TEACHERS MEET IN ROCKVILLE

Instructors in Intermediate
Grades Hear Papers Read
on School Subjects.

ROCKVILLE, Md., April 27.—About forty teachers of the intermediate grades of the public schools of this county met in the high school building yesterday. An interesting program, consisting principally of papers and discussions, was given. Miss Lucille Welch, of the Gaithersburg High School, discussed "What Stories Should Be Told in the Intermediate Grades and How?" "Some Suggestions as to the Best Means of Developing the Pupils' Powers of Observation" was the subject of a paper by W. K. Burgee, principal of the school at Hyattstown; Miss Mary C. Davis, of the Rockville High School, gave a talk on "The Recitation." Mrs. Florence E. M. Barksdale, principal of the school at Chevy Chase, talked about "What Work Should Be Accomplished in the Intermediate Grades in Arithmetic," and Prof. Earle B. Wood, county superintendent, delivered an address on "School Room Management." Prof. Wood also conducted a question box.

Miss Lillian Aldah Magaha, daughter of Mr. and Mrs. Thomas C. Magaha, and William F. Gittings were married here yesterday afternoon by the Rev. Oscar W. Henderson, pastor of the Baptist church, the ceremony being held at the home of the minister, in the presence of a small company of relatives and friends.

Allen Gray, of this county, has, by his attorney, Alexander Kilgour, of Rockville, filed suit in the circuit court here for an absolute divorce from Mrs. Sarah Gray, who is also a resident of this county. The bill charges infidelity and names a co-respondent. It sets forth that the couple, who were married thirteen years ago, lived together until two weeks ago.

Annie Swales, colored, was sentenced to the house of correction for three months by Judge Arthur Mace on being convicted in the police court of violating the local opium law by selling whisky to Susannah Forman, colored.

Bismark Locke, colored, is in jail here awaiting a hearing on a charge of larceny preferred by Thomas A. Garner, of Chevy Chase, who alleges that Locke stole two watches and several dollars in cash from his home. Locke was arrested by Sheriff Howard.

Judge Sentences Boys To Keep Street Clean

BOSTON, April 27.—Judge Albert Bosson, of the Chelsea court, has a new way in which to punish juvenile offenders. He sentenced today six boys, averaging about fifteen years old, who were convicted of breaking into a freight car and stealing candy, to keep a street of an city clear of waste paper and rubbish for six months.

Crecent avenue which the boys must "pick up" is a long street, with turnings, and many of their friends living along that highway are sure to make the task of picking up scraps of paper, tin cans, stick stones, cigar butts, etc., most interesting.

The boys will be supervised in their work by two policemen.

WANT IMPROVED RAILWAY SERVICE

Anacostia and Neighboring Suburbs Will Push Their Requirements Before Public Service Commission—Aged Resident Seriously Injured by Fall on Sidewalk.

WASHINGTON TIMES BUREAU.
ANACOSTIA, D. C., APRIL 27.—Arguments are being prepared for presentation to the Public Service Commission in three suburban sections asking for additional railway facilities. Edward J. Newcomb, representing the Congress Heights Public Improvement Association, has submitted a statement of the association's position. Through car service, transfers at Anacostia, instead of at First and E streets southeast, and better equipment are the principal demands made. The formulation of the association's petition followed a conference with officials of the Public Service Commission.

Anacostia citizens, having requested the Capital Traction Company and the Washington Railway and Electric Company to exchange transfers on a two-cent basis at Eighth and G streets southeast, will press the question before the Public Service Commission, in the absence of favorable action by the street car lines.

Sutland, Prince George county, Md., is concerned over the matter of railway extensions. A movement to combine all the citizens' associations in the campaign for extensions to Anacostia, Minnesota avenue, and Sutland is in progress.

Richard Dant, seventy-two years old, of 206 Nichols avenue, fell on the street last night and his head was severely cut. He was treated at the Casualty Hospital.

The matrons and patrons of 1912, composed of women and men who served in these offices in the order of the Eastern Star in the year named, will meet tomorrow evening with Miss Sadie Malar, 101 Tenth street north-east. Electa Chapter, No. 2, O. E. S., will have as its representatives Mr. and Mrs. George W. Copps, Mr. and Mrs. Charles F. Roberts, and Mr. and Mrs. Guernsey. Mrs. N. W. Miller, most grand worthy matron in the United States, will attend.

Cite \$17,000 Income in Pension Fund Inquiry

Directing attention to the case of Timothy Brosnan, a retired member of the Metropolitan Police Force, who, they allege, has an income of approximately \$17,000 a year in addition to a pension of \$50 a month from the District government, the Commissioners yesterday declared they would welcome an investigation of the police and firemen's pension fund, believing it will accretate some of the needs of the present system.

Brosnan retired from the police force September 13, 1902, on a pension, on account of injuries received in the line of duty. Following an investigation of his financial resources, the Commissioners ordered that after July 1, 1912, his pension be reduced to \$1 a month. Denying the right of the board to take such action, the former policeman appealed to the Supreme Court of the District, and was sustained. Judge Wright holding that the amount of the pension being fixed by law, the Commissioners were without authority to order a reduction on the ground that the pensioner has other resources.

The case is now on its way to the Court of Appeals.

Cardinal O'Connell to See Church at Rome

BOSTON, April 27.—William Cardinal O'Connell, before sailing on the White Star liner Canopic, admitted that the recent serious illness of Pope Pius was one reason for his making his first trip to Rome since his elevation to the cardinalate.

The cardinal, besides wanting personally to report to the holy father, desiring to inspect the work being done to save the ancient underground church of San Clemente from the ravages of the time, and to participate in the elaborate celebration of the sixteenth hundredth anniversary of the edict of Milan.

Dead Flies One Cent Each.

NORTHEASTON, Mass., April 27.—Dead flies are worth a cent each from now until May 17, according to an announcement made today by the District Nurses' Association. A "Swat the Fly" campaign has been started, and it is estimated that each fly killed early in the season means millions less by autumn.

FREE TO RUPTURED TRIAL OF PLAPAO

Awarded Gold Medal and Diploma Over All Competitors, International Exposition, Rome, and Grand Prix, Paris.

STUART'S PLAPAO-PADS are a wonderful treatment for rupture, curing as they do the worst forms in the privacy of the home without hindrance from work and at slight expense.

RUPTURE CURED

by STUART'S PLAPAO-PADS means that you can throw away the painful truss altogether, as the Plapao-Pads are made to cure rupture and not simply to hold it; but as the made self-adhesive, and when adhering closely to the body slipping is impossible, therefore, they are a most important factor in retaining rupture that cannot be held by a truss. NO STRAPS, BUCKLES OR STITCHES. Set as Velvet—Easy to Apply. Plapao Laboratories, Block 106 St. Louis, Mo. is sending FREE trial Plapao to all who write.

Dobell's Solution

For Nasal Catarrh, Coryza, Etc.

The conditions obtaining in Acute Nasal Catarrh are essentially those of an inflammation of any mucous membrane. First, an engorgement of the capillaries, then an exudation of serum into the tissues, then a further exudation on the part of the mucous or serous membrane.

To attempt to terminate the trouble, or alleviate the discomfort by an astringent or any wash of an acid nature, is simply to temporarily lessen the secretion without in any degree reducing the congestion or stimulating the local circulation, thus actually rendering the condition worse than before.

A remedy to be effective must first empty the mucous membrane and then prevent a re-engorgement by stimulating the blood vessels into increased action and compelling them to resume their normal functions. This is pre-eminently the province of Dobell's Solution.

By its power of promoting exosmosis it purges the mucous membrane as soon as it is brought into contact with it.

By its anesthetic property it soothes the pain, and by its power of stimulating the circulation it relieves the capillaries of their local congestion and restores the normal circulation.

The immediate cause of a catarrhal discharge is an engorged mucous membrane. Empty by exosmosis and you relieve instantly.

In the general treatment of Nose and Throat troubles, especially when inflammatory conditions prevail, and palliative treatment is called for as a preliminary to operative interference, no other remedy is so beneficial as DOBELL'S SOLUTION. Full pint bottles. 15c
